SUPPLEMENTAL AMENDMENT

Sir:

On April 28, 2003 an Amendment was filed in this application. In response thereto

Appl. No. 09/939,543
Amdt dated June 25, 2003
Suppl. Reply to Office Action of February 3, 2003

a Notice of Noncompliant Amendment (Voluntary Revised Practice) was entered.

That document was apparently mailed originally on May 9, 2003. Although properly addressed, it was, for some unknown reason, not delivered to Applicant's attorney, but instead returned to the U.S. Patent and Trademark Office. It was resent to the undersigned by the U.S. Patent and Trademark Office on June 19, 2003.

It is Applicant's understanding from the Notice of Noncompliant Amendment that the Amendment of April 28, 2003 was considered defective in that an enumeration of the cancelled claims had not been included in the printing of the claims and that the text of the original claims remaining in the application had not been included. Accordingly, Applicant hereby submits this Supplemental Amendment to replace the amendment of April 28, 2003 found to be defective in the Notice remailed June 19, 2003.

In response to the Official Action of February 3, 2003, please amend the above-identified application as follows:

Amendments to the Claims are reflected in the listing of claims which begins on page 3 of this paper.

Remarks/Arguments begin on page 9 of this paper.
